# IGIF-MSDI Governance and Management

## Governance Functions are interdependent

To determine the **objectives** of the organisation

To determine the **ethics** of the organisation

To create the **culture** of the organisation

To **design and implement** the governance framework

To ensure **accountability** by management

To ensure **compliance** by the organisation

## Management Functions

To **forecast and plan**

To **organise**

To **command or direct (lead)**

To **coordinate**

To **control**
